MULTI AWARD-WINNING HATCH:

- ★ Best Design and Styling - Bloomberg UTV - Autocar Awards, 2010
- ★ Premium Hatchback of the Year, 2010 - Economic Times - Zigwheels
- ★ Most Beautiful Car of the Year 2009 - Top Gear Awards 2010

WHAT THE BIGGIES HAVE TO SAY

AUTOCAR: There's nothing to beat Italian designer flair, the Punto looks good from every angle. The superbly weighted and accurate steering (the best on any hatch) gives you an almost rally- car- like feel.

AUTO BILD: The Punto is the best riding car, supple and better cushioned

TOP GEAR: The suspension damps everything exceedingly well that you'd expect from something that costs thrice as much

TEAM BHP: Build quality is solid, the steel clearly that of a high tensile grade, and the car feels sturdier than most of its Asian competition.

WHEELS UNPLUGGED: Fiat Grande Punto- A showstopper

ET- ZIGWHEELS: The Punto got our vote (Car of the year- 2009) for its great adaptation to Indian conditions

RIDE AND HANDLING

Punto exudes class leading road holding capabilities and also offers the highest possible levels of comfort for its passengers, thanks to its 195/60 R15 tyres and strong European suspension.

STUFF THAT MAKES IT COOL

The coolest thing in the car. With this you can actually communicate without taking your hands off the wheel.

It is super easy to make and receive calls, reading messages at your command is a bliss, and not to forget a technology i.e. developed jointly with Microsoft.

MY CAR

It's a nifty little gadget which comes with an electronic display on its main console and a whole lot of amazing customised features that make driving the Punto a dream:

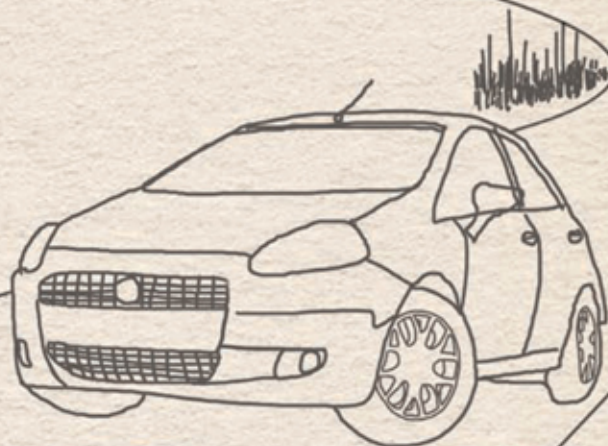

- ★ Service Schedule Reminder
- ★ Exact Door Open Indicator
- ★ Distance to Empty Indicator
- ★ Auto Locking of Doors
- ★ Trip Calculator
- ★ Real Time Mileage Indicator
- ★ Programmable Speed Limit Buzzer
- ★ Service Schedule Reminder

SAFETY

This baby comes with a host of advanced safety features to ensure that you always travel safe.

- ★ Dual Stage Airbags with Early Crash Sensor (ECS)
- ★ ABS with EBD
- ★ Tank like built that always ensures you are safe inside
- ★ Fire Prevention System

If this has found its way into your hands, you most probably aren't one of those that consider cars a mere transportation device. "What's the mileage", isn't the first question that pops in your head and words like 209 Nm @ 2000rpm torque, displacement and multi-point fuel injection aren't used as tools to impress clueless blondes. And, the most telling sign that you are a man of taste and who believes in real power is the simple fact that you can barely keep your eyes off the Italian beauty, now power to its credit.

Punto is a hot hatch with a class leading gorgeous form, spacious interiors and impressive ride and handling. And all of this comes with a class leading power of 93 PS. If you think this is where it stops, well, you're wrong. Drive it once and you'll know what I'm talking about. The 1.3L Advanced Multijet Engine, the Variable Geometry Turbo Charger and the 20kmpl mileage are the kind of things you would die for. So much power and yet so smooth. Now, it wouldn't be exaggerating in the least bit if I told you that this superb engine delivers better combustion, resulting in better power and lower emissions without even slightly compromising on the fuel efficiency.

What's more, this gorgeous Italian beauty comes in 3 more engines - Petrol 1.2L (68 PS), 1.4L (90 PS) and Diesel 1.3L (76 PS), so that everyone has their own pick.
